

Projet/Project  
LIFE IP SMART WASTE  
LIFE 16 IPE FR 005

Support regional planning for  
waste prevention and management

Development of dynamics within the  
framework of the circular economy

Records and video reports of the  
FAM TRIPS (EDUCTOUR)

From 2018 to 2024, eight FAM TRIPS were held as part of the European project for local elected representatives.

Nearly 265 elected representatives and technicians from the region were able to find out about the best practices undertaken by local public and private players in the field of waste prevention and the circular economy.

These 8 study trips were an opportunity to share rich and varied content with the regional and national community of players committed to the circular economy, through the following documents:

- **8 videos, 6 to 8 minutes long**, tracing the visit and the commitment of the elected representatives
- 8 participants' booklets presenting the regions, the key figures and the programme for each day
- **8 summary reports**
- 24 feedback sheets on the visits

To give everyone the opportunity to discover the wealth of documentation on these 8 days, the content is available on the project website:

#### 1 – [6 DECEMBER 2019 – CARPENTRAS \(rhodanien area\)](#)

- 30 participants - Visit to 6 sites
- **La CoVe - Ventoux Comtat Venaissin Conurbation Community**
- Production of 3 feedback sheets:
  - ✚ *Récupagrie Comtat*
  - ✚ *Coval platform (construction waste)*
  - ✚ *Loriol du Comtat composting centre*

#### 2- [24 SEPTEMBER 2021 – SISTERON \(alpin area\)](#)

- 39 participants - Visit to 6 sites
- **Community of Communes Sisteronais Buëch**
- Production of 3 feedback sheets:
  - ✚ *Buëch Durance Hospital*
  - ✚ *Cité Scolaire Paul Arène*
  - ✚ *Envolée recycling centre*

3 - [15 OCTOBER 2021 – LE LUC EN PROVENCE \(provençal area\)](#)

- 37 participants - Visit to 4 sites
- **Community of Communes Cœur du Var**
- Production of 3 feedback sheets:
  - ✚ *Zero Waste Camping*
  - ✚ *Zero Waste Market*
  - ✚ *La Consigne de Provence*

4 - [16 NOVEMBER 2021 – PUGET-SUR-ARGENS \(azuréen area\)](#)

- 42 participants - Visit to 6 sites
- **Var Esterel Méditerranée conurbation / Pays de Fayence**
- Production of 3 feedback sheets:
  - ✚ *Les Lauriers landfill*
  - ✚ *Rheyran WWTP*
  - ✚ *Sophovar eco-pole*

5 - [22 FEBRUARY 2024 – LA MÔLE – CAVALAIRE \(provençal area\)](#)

- 30 participants - Visit to 5 sites
- **Gulf of Saint-Tropez area**
- Production of 2 feedback sheets:
  - ✚ *Distribution of individual composters*
  - ✚ *The nature centre – Cavalaire*

6 - [13 JUNE 2024 – AVIGNON \(rhodanien area\)](#)

- 20 participants - Visit to 5 sites
- **Greater Avignon area**
- Production of 2 feedback sheets:
  - ✚ *MIN eco-responsible*
  - ✚ *Food-in, Sustainable buildings*

7 - [26 SEPTEMBER 2024 – DIGNES LES BAINS \(alpin area\)](#)

- 30 participants - Visit to 5 sites
- **Provence Alpes Agglomeration area**
- Production of 2 feedback sheets:
  - ✚ *Volonne eco-district*
  - ✚ *Champtercier composting facility*

8 - [3 OCTOBER 2024 – LES ARCS – DRAGUIGNAN \(azuréen area\)](#)

- 35 participants - Visit to 4 sites
- **Dracénie Provence Verdon Agglomeration area**
- Production of 2 feedback sheets:
  - ✚ *Click'n collect waste from shopkeepers in Draguignan downtown*
  - ✚ *Environmental transition centre*

During the journeys, the participants were also able to share their knowledge using the quiz on the circular economy in the region, **developed specifically as part of the European project:**

**THE PARTICIPANTS PRAISED THESE STUDY TRIPS FOR THEIR:**

- Feedback
- Making contacts
- Moments of sharing
- Discovering technical and financial resources
- Site visits

**THEY EXPRESSED THEIR WISHES FOR FUTURE TOPICS:**

- The fight against littering
- Green brigades
- Incentive weighting
- Professional waste
- Shared gardens
